Professional Summary

Results-driven Senior Solutions Engineer with 2+ years at BrowserStack, specializing in end-to-end technical troubleshooting, root-cause analysis, and customer-facing solutions across web and mobile automation frameworks (Selenium, Playwright, Appium). Proven track record in scripting, cross-environment debugging, driving AI-powered tooling initiatives, and mentoring teams. Adept at translating complex technical issues into clear guidance for global customers and cross-functional stakeholders.

Experience

BrowserStack

Oct 2025 – Present

Senior Solutions Engineer (L3) – Remote

Mumbai, Maharashtra

- Automation support engineer and subject-matter expert for enterprise customers for BrowserStack products, automation frameworks (Selenium, Playwright, Appium, WebdriverIO, Cypress), providing architectural guidance and best practices to unblock regression and pipeline.
- Lead cross-functional collaboration with Engineering and Product teams to diagnose platform-level failures, advocate for customer-reported bugs, and drive product quality improvements through detailed feedback loops.
- Spearheading an AI-based initiative to automate ticket-field population using Gemini, reducing manual data entry by an estimated 40% and improving tagging consistency across the support pipeline.
- Designed and deployed a Freshdesk ticket notifier integrated with agent shift rosters, significantly reducing average response time and manual coordination overhead.
- Mentored and onboarded new hires through structured troubleshooting guides, documentation, and hands-on pairing sessions, accelerating team productivity.
- Consistently achieved top-tier CSAT scores while managing SLA commitments across global enterprise customers in rotational shifts.

BrowserStack

Jan 2024 – Sep 2025

Solutions Engineer (L2) – Remote

Mumbai, Maharashtra

- Managed complex customer issues end-to-end—systematic diagnosis, reproduction across diverse OS/browser/device environments, root-cause analysis, and resolution—ensuring minimal impact on customer CI/CD workflows.
- Reproduced and analyzed failures across distributed systems involving Selenium Grid, Appium, Playwright, and REST APIs, identifying patterns and driving tooling improvements for faster investigation.
- Debugged customer automation scripts live on calls using Python, Java, JavaScript, and Node.js, pinpointing issues related to element locators, network timeouts, capability configurations, and framework-version conflicts.
- Authored internal runbooks and knowledge-base articles covering common failure signatures, reducing repeat escalations and improving team resolution speed.
- Proactively identified recurring customer pain points and shared structured insights with product and engineering teams, contributing to platform reliability improvements.

Technical Skills

Languages: Python, Java, JavaScript (Node.js), C++, SQL, HTML, CSS

Automation Frameworks: Selenium WebDriver, Playwright, Appium, WebdriverIO

Core Competencies: Technical Troubleshooting & Root-Cause Analysis, Cross-Environment Debugging, Live Debugging on Customer Calls, Distributed Systems Analysis, CI/CD Integration (Jenkins), REST API Testing

Web Technologies: HTTP/HTTPS, DOM, Browser DevTools, REST APIs, WebSockets

Tools & Platforms: Git, GitHub, Postman, VS Code, Jenkins, Freshdesk

Databases: SQL (MySQL), NoSQL (MongoDB)

Other: AI/NLP tooling

Achievements

- Finalist, **Smart India Hackathon 2022** – hosted by M.H.R.D. and A.I.C.T.E.
- Ranked **89 globally** among 10,000+ participants in GeeksForGeeks Jobathon 8, 2022.
- Ranked **3954 globally** in Google Hashcode 2022.
- Solved **800+ programming problems** on LeetCode, GFG, and CodeChef (rating 1801, 4★, global rank 6810).

Education

IET, Lucknow

Nov 2020 – Jun 2023

Bachelor of Technology – Information Technology

Polytechnic, AMU

Aug 2016 – Jun 2019

Diploma in Engineering – Computer Science

Leadership & Community

- Community Lead, **PARMARTH** (Social Club, IET Lucknow) – 2021 to 2023; organized outreach events and led a team of 20+ volunteers.
- Core Organizing Team Member, College Sports Festival, IET Lucknow.
